

LEGALLY SPEAKING

VOLUME 33, ISSUE 2 MAY/JUNE 2012

YOUR LEGAL INFORMATION HUB

Why the Law Library Exists

Here in Stark County we are working to communicate to the employees of each level of government—county, municipal and township—the breadth of resources available at their county law library. The law library's purpose is spelled out in section 307.51 of the Ohio Revised Code, to "...provide legal research, reference, and library services to the county and to the municipal corporations, townships, and courts within the county and shall manage the coordination, acquisition and utilization of legal resources." Most inquiries can now be answered over the phone or through email and the requestor need never leave his or her office. Our goal is to help governmental entities provide the very best service to their constituents.

Beyond the Basics

While serving the legal resource needs of local governmental employees is the library's duty, the library goes beyond that to provide information to several other groups. Local attorneys can make use of many specialized resources available in the library. Not only are there print items about topics such as family law, bankruptcy and corporate law, the library provides access to online databases such as Westlaw, BNA Arbitration Reports and CCH

Intelliconnect Tax and Human Resources. There are also many *pro se* patrons that come into the library for sample forms and general information. A relatively new group of library users are students from the Stark State College paralegal program who have been touring the library and learning what is available. These paralegals will have an advantage when they enter the workforce since they will be familiar with the law library's resources and will be able to use the library as a source to economically provide legal information to their new employers. Another group that has become acquainted with the law library are area boy scouts. Each spring while working on fulfilling the requirements for their law merit badge, boy scouts tour the Stark County Courts and stop by the law library. We hope that this brief introduction will lead some scouts to explore the law more deeply.

New Technology Coming Soon

Law library information will soon become even more portable. E-books, a tablet and a laptop computer will be coming to the law library, thanks to a grant from the Statewide Consortium of County Law Library Resources Boards. We will let library subscribers know when these items arrive.

INSIDE THIS ISSUE:

NEW BOOKS	2-3
JOURNALS	3

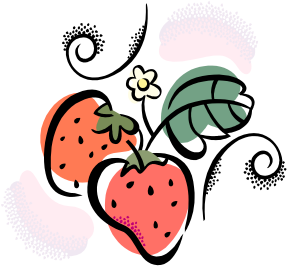

Welcome to Our New Subscribers!
